It is a publication that is designed to supplement or replace any senior Legal Studies text and closely follows the Legal Studies Study Design. It includes the key information students require to successfully complete the VCE Legal Studies Unit 3 and 4 course.

The *CPAP Study Guide to VCE Legal Studies (1st edition)* is released in February 2012. The *Guide* is written by experienced teachers who have either extensive experience as Examination Assessors and/or members of the recent VCAA Legal Studies Study Design re-accreditation panel. The guide places a strong emphasis upon preparation for assessment tasks, in particular, the end of year examination. The *CPAP Study Guide* includes:

- reference throughout the publication to 'interpretation errors' students should avoid in the examination, including the **common mistakes made by students in recent examinations**;
- a concise and easy to understand coverage of the course content;
- 'mini exams' that will follow each area of study (four in total), complete with suggested responses at the end of the book;
- review questions throughout the publication;
- extensive 'up to date' examination advice at the end of the Study Guide; and
- **A bonus full length practice examination** at the end of the booklet with answers downloadable from www.commpap.com.
